 Yuvraj-Singh

SKILLS

- ❖ **Languages :** C/C++
- ❖ **Frontend:** HTML, CSS, JavaScript, React and Tailwind CSS
- ❖ **Backend:** Nodejs, Express js
- ❖ **Databases:** MongoDB, SQL
- ❖ **Tools:** Git, Github and VS Code

EDUCATION

- ❖ BTECH CSE | JIS UNIVERSIT 2024-28
- ❖ XII (ICSE) | Howrah St. John High School 73%

ACADEMIC PROJECTS

❖ Responsive Static Website Design

[GitHub – FSWD Real Project](#)

Designed and developed static web pages using HTML and CSS. Focused on responsive design principles, cross-browser compatibility, and accessibility compliance for improved user experience.

❖ Interactive Web Pages with JavaScript

[GitHub – DOM Manipulation](#)

Created dynamic, user-interactive websites using JavaScript, HTML, and CSS. Implemented DOM manipulation, event handling, and UI behavior enhancements to improve interactivity.

❖ Front-End Applications Using React

[GitHub – React Projects](#)

Built multiple front-end applications using React.js. Applied component-based architecture, managed state effectively, and delivered engaging user interfaces with attention to scalability and code re-usability.

❖ **Personal Portfolio Website (React + Tailwind CSS + EmailJS)**

[GitHub – Portfolio](#)

Developed a personal portfolio to showcase projects and technical skills. Utilized React for structure, Tailwind CSS for modern styling, and integrated EmailJS to handle contact form submissions without a backend server.

HOBBIES & INTERESTS

- ❖ Listening Music
- ❖ Watching Cricket
- ❖ Reading Books
